

'Caring Villages'

Informal Drop in information session

Monday 15th June between 2.30pm and 4.30pm

Stenton Village Hall

East Lammermuir Community Council and 'At Home in East Lothian' have joined forces to see if there are ways of improving support services in rural areas for older people and their carers, and to recruit local people to provide support.

If you would like to know more, please come along to our informal drop in session. Refreshments will be available.

This may be of interest to:

Older people and their families:

- *Families who think their elderly relatives might need more support to live well at home
- *Older people who need transport to get to appointments, go shopping or just get out and about
- *People who want to make East Lothian more 'dementia friendly'
- *People who want to find out more about how care might be funded

People who might like employment:

- *People who are available to work part-time
- *People who want to help in their community

At Home in East Lothian is run by Social Enterprise in East Lothian Ltd. The key feature of a social enterprise is it's a business first and foremost; but unlike private business, it reinvests profits for the benefit of the community, not private shareholders.
