## East Lothian

### Proposed Local Development Plan

East Lothian Council approved its Proposed Local Development Plan on 6<sup>th</sup> September 2016. The proposed LDP sets out a development strategy for the future of East Lothian to 2024 and beyond.

East Lothian proposed LDP is published for public representations from **19 September 2016 to 7 November 2016**. You may inspect the proposed LDP and all supporting documents, free of charge, at the following locations: during office hours at East Lothian Council, John Muir House, Haddington; at the local libraries within East Lothian; all documentation is available to view and download here – [http://www.eastlothian.gov.uk/info/204/local\\_development\\_plan/1777/proposed\\_local\\_development\\_plan](http://www.eastlothian.gov.uk/info/204/local_development_plan/1777/proposed_local_development_plan)

### National Marine Centre Project Scottish Seabird Centre North Berwick

The Scottish Seabird Centre have just launched a short public survey to encourage as many views, comments, recommendations and ideas as possible. The survey only takes about ten minutes to complete and it would be very helpful if you can provide your views: <https://www.seabird.org/national-marine-centre/your-say/43/231>

**Please feel free to circulate to anyone else you think would like to contribute.**

Depending on fundraising, we hope that the marine centre can be delivered in 2020. Further information about the project is available at: <https://seabird.org/national-marine-centre/43> and this will be updated on a regular basis. There are no specific proposals for the exhibitions or the centre building at this stage. Once specialists including architects and exhibition designers have been appointed, there will be consultations to help them develop ideas.

**Submission deadline - 5.00pm Thursday**

**Tel: 01620 827871 / Email: [areapartnership@eastlothian.gov.uk](mailto:areapartnership@eastlothian.gov.uk) / @EastLothianAP**

## Community Council Elections

**Postal Ballot Deadline: 5pm, 6 October 2016**

The position is that 19 community councils will be formed without the need for elections but 1 community council (North Berwick) will require an election as the number of nominations received was more than the number of places available.

**North Berwick Residents - remember and return your ballots!**

# East Lothian Community Hospital

## Message from David Small, Director Health & Social Care Partnership:

I'm delighted to let you know that initial construction work on the new East Lothian Community Hospital will start this October. This news comes after financial contracts for the new building were signed with the Scottish Government and our partners on the project, Hub South East Scotland Ltd. I am thrilled that the new hospital is now a reality. I would like to thank those of you who have joined us at events as your input has supported in getting the project to this stage, the project team in particular has done a fantastic job and we can now look ahead with great anticipation to the new hospital opening in 2020.

The community hospital will make a huge difference to how and where people in the county are treated. It will mean more patients are treated closer to their homes and it will bring with it a big increase in inpatient beds. Our current ageing facilities at Roodlands and Herdmanflat will be transformed within the new building. Meaning closer and more joined up working between staff and services and bringing an improved experience for all of our patients.

The first phase of works will see the outpatient department and combined endoscopy/surgery suite developed and works will start on this in the next few weeks. We will keep you updated on a regular basis via flyer or newsletter and on occasion hold further events

## Friends of Cuthill Park, Prestonpans Wednesday Woodland Workout!

**Can you help us on the 5 October, 9.30 to 11.30?  
(weather dependant!)**

As you may have already read we are creating a Woodland Learning Zone in the wooded area of the park and we really need your help! In order to begin to form the paths, we first need to clear the ground of any litter or obstacles, trim back some foliage and stockpile any logs (we'll use them for path edging or habitat piles).

It could be quite physically demanding and parts of the ground are uneven but we would welcome any help, be it for 15 minutes or 2 hours. Think of it as an outdoor gym! (hard landscaping can burn off 500 calories per hour!).

**BioBlitz!** - Physical labour not your thing? Don't worry! It would be useful to record any flora or fauna observed on the day too - or just come along and share your thoughts about this exciting project.
