

# Area Partnership FYI!

## Small Business Saturday 3 December 2016, Dunbar Town Centre

This celebration is an annual celebration which marks the day where we are encouraged to shop local, avoid the multi nationals and turn off the eBay and Amazon ordering on our phones and laptops, get out and get involved in our community. Surely an easy ask in one of the top 5 coastal towns in the UK!

On Saturday 3rd December all we ask is that you come out, spend a little money in one of the local shops and have a chat. There will likely be press coverage on the day and we welcome you sharing this special day with your networks. A link for sharing is here

## More than just money Expressive Arts Competition Fund 2016-17

Voluntary Action Fund (VAF) is inviting applications from schools and community-based organisations working with children aged 10 - 11 in Scotland.

**The application deadline is Monday 16 Jan 2017.**

### About the Funding

VAF are delighted to have been asked by American Mothers to pilot this scheme for the first time outside the USA. Using a variety of mediums, we would like to invite children to explore the theme "What my mother\* means to me..." \* 'Mother' in this context is not gender specific and therefore could mean anyone that undertakes this role and espouses these values to the children – whether a teacher, an older brother/sister, parent, grandparent.

Children may choose to work individually, in pairs or small groups to produce their chosen art. They can choose to:

- Write a 500 word essay
- Make a short film
- Write a poem
- Use photography
- Produce artwork

### The fund outcome is to:

Raise awareness of the values associated with nurturing and building the capacity of humankind

### Aligned to this we aim to:

- Celebrate diversity;
- Recognise societal values;
- Enable children to come together from a diversity of areas and backgrounds.

### Who can apply?

This is an open and competitive fund for:

- Third sector organisations (voluntary organisation or community group) whose Board of Trustees or Management Committee are predominantly volunteers;

- Schools or parent councils;
- Organisations must have a bank account in their own name;
- We are particularly targeting organisations across the Central belt but will consider applications to participate from across Scotland. Please note however that the exhibition and prize-giving events will be held in Glasgow and Edinburgh in March 2017.

### How much can organisations apply for?

Grants of up to £400 are available to schools and third sector organisations to cover related costs e.g. tutors, sessional workers, art materials, equipment or transport. Two final exhibition events and prize-giving ceremonies will be organised by VAF.

### How will the competition operate?

We would like fund recipients to exhibit the artwork produced and select two pieces to put forward to represent the school/organisation at the regional events in March. The children producing these pieces will be invited to attend this exhibition and celebration. A judging panel will select the final 6 winning entries. Prizes will include gift vouchers for the winning individuals/groups and a small monetary donation will be made to the school/organisation.

## Road Safety Community Performances

**Road Safety Scotland**, the government funded body responsible for the development of road safety education and publicity initiatives in Scotland, is funding **Baldy Bane Theatre Company** to tour a road safety resource for the community.

The stage play ***Better Late Than Dead on Time*** is designed for performance to all generations within communities and covers many issues such as the various hazards to drivers and pedestrians; young drivers, including problems of teenage drinking; parents parking too close to school gates; reaction times of older drivers; inappropriate speed. Baldy Bane is due to tour this new drama all over Scotland for a 5 week period from **27th February until 31st March 2017**. It is hoped that a wide variety of groups will take up the offer to host the production in their local community venue.

## East Lothian Council Guide to Assistance available through the 2016/17 Winter

I would like to take this opportunity, with the arrival of winter, to remind you of the following information on severe weather assistance available and would appreciate it if you would share this information with your community, especially those most vulnerable:

We have already received several Yellow Warnings this winter and many more will be issued by the Met Office as the winter progresses. This is normal, and expected, and reflects a Scottish winter!

### Met Office: Weather

The basic messages associated with each of the colours are:

No Severe Weather	Be Aware	Be Prepared	Take Action

What the colours mean

- **Yellow: Be aware.** Severe weather is possible over the next few days and could affect you. Yellow means that you should plan ahead thinking about possible travel delays, or the disruption of your day to day activities. The Met Office is monitoring the developing weather situation and Yellow means keep an eye on the latest forecast and be aware that the weather may change or worsen, leading to disruption of your plans in the next few days.
- **Amber: Be prepared.** There is an increased likelihood of bad weather affecting you, which could potentially disrupt your plans and possibly cause travel delays, road and rail closures, interruption to power and the potential risk to life and property. Amber means you need to be prepared to change your plans and protect you, your family and community from the impacts of the severe weather based on the forecast from the Met Office
- **Red: Take action.** Extreme weather is expected. Red means you should take action now to keep yourself and others safe from the impact of the weather. Widespread damage, travel and power disruption and risk to life is likely. You must avoid dangerous areas and follow the advice of the emergency services and local authorities.

Severe weather warnings are available to you in a number of ways, meaning you can always access the latest information wherever you are. This includes on radio, TV, the Met Office website, social media, smart phone apps, RSS and via email alerts.

You can help by passing these warnings on to family and friends, or by sharing them on Facebook, Twitter and other social media with your friends and followers.

Please find attached a list of the warnings the Met Office may issue and a description of each one.

Further information can be gained through:

<http://www.metoffice.gov.uk/public/weather/warnings/#?tab=map>

### Scottish Environment Protection Agency (SEPA): Flooding Advice

SEPA is Scotland's national flood forecasting, flood warning and strategic flood risk management authority.

From the SEPA website (link below):

*'It is your responsibility to manage your own flood risk and protect yourself, your family, property and business. Being prepared by knowing what to do and [who to contact if flooding happens](#), can help you reduce the damage and disruption flooding can have on your life.*

*The first step to being prepared is [signing up to Floodline](#) so you can receive messages to let you know where and when flooding is likely to happen. Other useful tools and advice on how to be prepared are available on the [Floodline](#) website including a quick guide to who to contact in the event of a flood.*

*You can also check how your area could be affected by flooding by looking at our [flood maps](#). Affordable home insurance for eligible properties which are at risk of flooding is now available through Flood Re. Flood Re is a joint government and insurance industry initiative which was launch in April 2016. You can find out more on the [Flood Re website](#) '*

***I WOULD URGE YOU TO REGISTER FOR THE SEPA FLOODLINE AS THEY WILL PROVIDE YOU WITH ALL FLOOD WARNINGS FOR THE AREA YOU RESIDE WITHIN, INCLUDING COASTAL FLOODING!***

<http://www.sepa.org.uk/>

An excellent publication on flooding titled, A Clear Impartial Guide to Flooding, by the Royal Institute of Chartered Surveyors (RICS) can be found here -

<http://www.rics.org/uk/knowledge/consumer-guides/guide-to-flooding/>

### Scottish Power: Power Cuts

Please encourage those vulnerable members of your Community to register with Scottish Power as per the following, taken from a SP Energy Networks leaflet:

*'If electricity is crucial to your health ask to be included on our priority service register. You can sign up for the Scottish Power Priority Services Register by calling them on **0330 10 10 444** or by completing a [Priority Services registration form](#) The number for the public to phone in an emergency due to a Power Cut, is 105.*

**Submission deadline - 5.00pm Thursday**

**Tel: 01620 827871 / Email: [areapartnership@eastlothian.gov.uk](mailto:areapartnership@eastlothian.gov.uk) / @EastLothianAP**

### **Scottish Government: Generic Information**

The following Ready Scotland link contains a huge amount of information for dealing with severe weather:

<http://www.readyscotland.org/>

I remain available to assist any community to create and maintain their own Resilient Communities response plan. Please contact me direct if you wish further assistance. North Berwick Community Council has created an excellent plan and has also tested it through a table top exercise.

### **East Lothian Council: Information including sandbags/grit bins**

#### **Flood Prevention:**

If any householder believes that their property may be susceptible to flooding, it is their responsibility to have and maintain their own flood prevention equipment such as sandbags and floodgates. These can be sourced through the internet and/or purchased from DIY stores.

More information is available on the [SEPA website](http://www.sepa.gov.uk) and through the Scottish Flood Forum, <http://www.scottishfloodforum.org/>

#### **ELC policy on the supply of sandbags:**

East Lothian Council can't supply sandbags to householders and/ or businesses outwith those identified as high risk within the ELC Severe Weather Response plan <http://www.eastlothian.gov.uk/downloads/file/11584/severe-weather-plan-public-version-sept-2016>

However, if any property is under an immediate risk of flooding, the council will assist where possible in protecting these properties and this may include the supply of sandbags.

#### **Grit Bins:**

Please let me know if your area requires additional 'grit bins' and I will forward your request to the appropriate department.
